

The City of Harrisburg
General Survey
2018-2023 Consolidated Plan

The City of Harrisburg is in the process of preparing its Three-Year Consolidated Plan for submission to the U.S. Department of Housing and Urban Development (HUD). The Consolidated Plan will serve as the blueprint for the expenditures of federal funds in the City from October 1, 2018 to September 30, 2023.

As part of this five-year planning process, Harrisburg is required to identify the housing and community development needs for low-moderate income persons and households, as well as persons with special needs such as disabilities, substance abuse, mental illness, HIV/AIDS, the elderly, the youth, etc. Your participation in this planning process will enable the City to develop an accurate strategy that addresses the priority needs of these groups and individuals.

Please complete this survey no later than March 1, 2018, and mail or email it to the contact below. Kindly attach any additional information (statistics, survey, studies, reports, applications, observations, annual reports, etc.) that will help the City to identify affordable housing needs, including barriers to affordable housing and employment issues.

Thank you for your prompt response to this survey and for assisting the City of Harrisburg with completing its consolidated planning responsibilities. If you have any questions regarding the survey, please contact:

Dennise Hill

Deputy Director of Building and Housing

City of Harrisburg

Dr. MLK Jr. Government Center

10 North Second Street, Suite 206

(assisted living, etc.)

- Does your organization manage housing? Yes No
If yes, please check the type of housing your organization manages and the total number of units
Rental Number of Units
Other Number of Units

- If your organization develops or manages housing, please complete the table below (Priority Housing Needs). This information will assist the City in identifying the number of low-moderate income persons and households with disabilities, who are in need of housing. Below are relevant definitions for the table:
Current Need: Number of housing units needed to meet your current demand
Current Inventory: Number of housing units you currently have available to meet your demand
Unmet Need/Gap: Difference between the current need and current inventory
Goals to Address Unmet Need/Gap: Number of new housing units you plan to develop and make available over the next three years to address your unmet need/gap
MFI: Median Family Income
