

CITY OF HARRISBURG DEPARTMENT of ADMINISTRATION
BUREAU of SOCIAL EQUITY & AFFIRMATIVE ACTION

Online Form to Submit your organization / project

To further the City of Harrisburg's commitment toward inclusion of all citizens who live at the intersections of: age, race, sexual orientation, physical ability, cognitive ability, linguistic ability, behavior/ developmental ability, sex, faith, gender, veteran status, gender identity expression, ethnicity, socio-economic status, nationality we seek your assistance. We have a goal to create a document, that will be accessible to the public, containing organizations, gatherings, and projects within the city limits.

Specifically, we are searching for organizations, groups, projects who are physically located in the City of Harrisburg (Harrisburg proper) and provide services and products to the residents of the city. Our goal is to identify where and to whom the city is inclusive in addition to where and to whom it is not. The collection of such information will assist city staff in conducting thoughtful intentional engagement of citizens as we move toward minimizing the operation of the ISMs and embracing of intersectionality.
